East Lindsey
DISTRICT COUNCIL

Welcome to the 2025 Louth Food & Drink Festival!

It's a pleasure to welcome you to this year's celebration of everything that makes Louth such a special place to live, work, and visit. Now in its third year, the Festival continues to grow in popularity, thanks to the incredible support from our community and visitors from across the region. We're proud to showcase the very best of local food, drink, and hospitality—and I'm confident that 2025's event will be our most exciting yet.

While today is a highlight in the town's calendar, it's important to remember that Louth's independent shops, cafés, and businesses are here all year round. Please don't let this be your only visit—shopping locally and supporting our traders is one of the most powerful ways to boost the economy and preserve the unique character of East Lincolnshire.

The Festival was created to celebrate the quality, creativity, and community spirit that define Louth and its surrounding area. In a world increasingly dominated by large retailers, Louth proudly bucks the trend by championing independent producers and retailers who offer something truly special.

This event is a tribute to our market town heritage, our talented community, and the hardworking traders who bring life and flavour to our streets. It's also a shining example of what can be achieved when local councils, volunteers, and businesses work together with a shared vision.

I'd like to extend my heartfelt thanks to the dedicated team who've worked tirelessly to bring this event to life. There are too many individuals to name, but their passion and collaboration are what make the Festival possible.

I hope you enjoy every moment—from the delicious food and drink to the entertainment and vibrant atmosphere. Be sure to explore the stalls, enjoy the performances, and pop into the many cafés, restaurants, and shops that make Louth such a welcoming and distinctive town.

Have a fantastic time at the Louth Food & Drink Festival 2025!

Cllr Adam Grist

Portfolio Holder for Market Towns
and the Rural Economy
